

The Center for Counseling & Training Batterer's Intervention Program Agreement

I agree to the following:

- To attend all **27 sessions** of the Batterer's Intervention Program.
- I understand I must contact The Center for Counseling & Training (TCCT) **the day before my scheduled class**, if I am unable to attend. ***(I also understand that I will have to pay for any missed sessions if I do not call)***
- I understand if I miss more than **four** sessions, I will have to restart the program.
- I cannot restart the program more than two times. At that time, I will be discharged unsuccessfully and referred back to my probation/parole officer to be re-evaluated. I may be referred back to the program, but any classes previously completed will not count toward my 27 sessions.
- I **must** be on time. If I am more than 15 minutes late to class, I understand I may not be able to attend.
- I **must** pay the weekly fee as set. If I cannot pay for that week, I understand I must make arrangements with TCCT.
- To be considered completed from the program, or to be eligible to restart the program, all current and outstanding fees must be paid in full.
- To sign releases of information to allow TCCT to receive information from and give information to any court or referral source affiliated with my case and to the victim(s) of my actions. This includes monthly reports.
- To not engage in any type of intimate or personal relationship with a TCCT employee, contractor, or partner during and up to two years after my discharge from this program or any other service received from TCCT.
- To keep other attendees identity and personal information confidential.
- I understand TCCT has licensed counselors on staff that see individuals and families. I also understand that upon completion of the Batterer's Intervention Program, I am eligible to take advantage of TCCT's counseling programs. (Private Insurance, Medicaid or cash are accepted)

By signing, I understand and agree to all of the above conditions:
